WHAT'S UNIQUE

ABOUT A DAY AT CROSSROADS?

5TH DAY

Every Wednesday afternoon, you'll have a chance to **DIVE DEEP INTO A TOPIC YOU LOVE!** You might spend the afternoon kayaking and learning about riverbirds, creating a film with the help of a drone, or calculating ratios needed to bake the perfect quiche!

ACTIVITY

Our curriculum lets you **TRY NEW THINGS AND PURSUE YOUR PASSIONS** — you may discover you love creative writing, fencing, and woodworking, among so many other activities.

MATH LAB

We all **LEARN DIFFERENTLY AND HAVE DIFFERENT NEEDS**, especially in math. We've added a weekly lab so students can focus on honing their math skills and gain confidence!

ACADEMIC LAB

Looking for help learning how to study, getting organized, or simply need to perfect a paper? Never fear, AcLab is here! 2-3 times a week, students receive **ONE-ON-ONE GUIDANCE FOR ALL THEIR ACADEMIC NEEDS**, making sure every student has what they need to feel successful.

HOUSE

We build **COMMUNITY ACROSS GRADE LEVELS**.

Every week, you'll get together with your House group to receive support, make new friends, and learn more about your holistic self.

INDIVIDUALIZED TUITION AND EDUCATION

Individualized tuition means that **every family** pays an equitable amount based on a variety of factors. Tuition payments can be made on a schedule that fits your family.

Individualized education means that you will really know your teachers, and **they will really know you!**

The “factory model” of education operates on the assumption that students are passive vessels.

5TH DAY UPENDS THAT.

“CROSSROADS HAS EXCEEDED MY EXPECTATIONS SO FAR.”

Not only is my child learning things academically, but she’s also discovering new things about herself! She has totally broken out of her shell since attending Crossroads”

5TH DAY AT CROSSROADS
